Members Present

1. Alex Moras
2. Ryan Williams
3. Cristi Neacsu
4. Christian Onishile
5. Kieran Hughes
6. Ben Farrington

Topics

- Group Discord chat
- Shared File Storage
- Software to use for UML
- Previous week contribution breakdown
- Next jobs for each group member
- Conversion of current class design

Progress

- Group discord server been created to replace second weekly meeting, and to allow easier flow of file and communications between group members.
- Shared file storage was discussed, with discord being deemed adequate for the mean time, with later migration to a version control such as GitHub for implementation.
- Previous week's contribution breakdown was present to the group by secretary. All group members signed for an even split.
- Visual Paradigm deemed to be suitable for UML design, allowing for ease of collaboration if we all use same software.
- As group members each had designed their classes in different ways, Each group member was to write up their designs as a CRC card and send it to the group leader.
- Assigned new tasks to group members, to do before next meeting.
- Arranged next meeting to be held on Thursday 18/10/2018 @ 2PM.

ToDo

- Alex & Ryan to work together on UML class diagrams of the classes already designed.
- Kieran to submit CRC card of class. Alongside writing collaboration descriptions.
- Cristi to submit CRC card of class. Alongside writing operation descriptions.
- Christian to submit CRC card of class. Alongside writing hierarchy descriptions.
- Ben to start the first draft of the final design document. Process minutes and collaboration breakdowns.
